

HELLO!

Do you know that J. W. Race, of the firm of J. R. RACE & CO., has just returned from New York, where he bought goods cheaper than ever? Yes, I've heard so—and that they are now receiving an immense stock for the Spring trade; but they always did have the largest and best stock in the city, and sold them mighty cheap. Did you hear about their Watch Donation? They are Stem Winders, and guaranteed to keep good time, and are given away with every \$20 and over worth of goods purchased of them for cash, at one time.

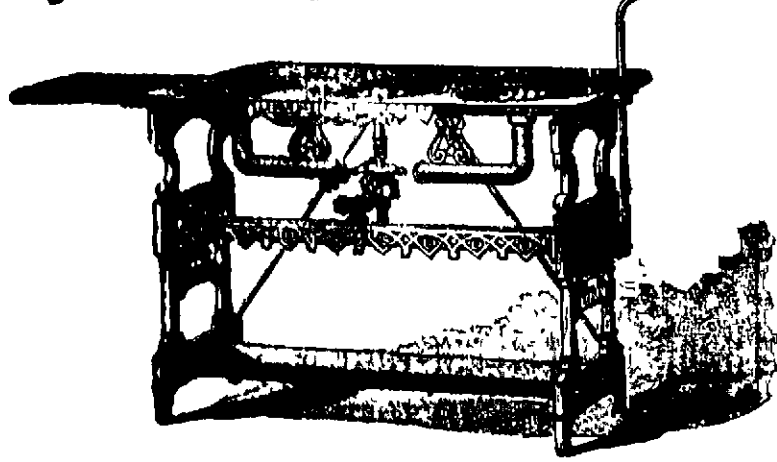

Buy a \$30 Suit and get the correct time. When are you going around to see their stock? Why, just as soon as I can get time. Every day is opening day with them. They are always ready to wait on customers and give them bargains.

J. R. RACE & CO.
Are now living their Spring Stock of
CLOTHING
—AND—
FURNISHING GOODS.

Their MERCHANT TAILORING DEPARTMENT was never so complete.

SCROFULA

and all scrofulous diseases, Scars, Erysipelas, Boils, Blotches, Ringworm, Tumors, Carbuncles, Bolls, and Eruptions of the Skin, are the direct result of a impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SCROFULA CURE is for over forty years not only recognized by the most eminent medical authorities, but it has cured thousands of afflicted persons in every clime. It frees the system from all foul humors, cures all Eruptions of the skin, removes all scales of morbid material, and gives the blood a perfect and natural color.

A recent cure of Scrofulous Sores. I am a native of New York. I was afflicted with scrofulous sores on my legs. The sores were discharging large quantities of blood, and I was unable to walk. I tried many remedies, but they did not do me any good. I then tried AYER'S SCROFULA CURE, and in a few days the sores began to heal. In a few weeks they were completely cured. I am now perfectly well, and I can walk without any pain.

Yours truly, J. W. RACE, Jr., 129 to 135 Water Street, Decatur, Ill.

—A Mississippi man writes to Denton County, Tex., for a runaway wife, and describes her "with high cheek-bones, upper front teeth out, crippled in one foot, cross-eyed and quick spoken."

—A large Newfoundland dog that held one end of a rope while one girl at the other end swung the rope so that another skipped, amused New York in the City Hall Park recently.—N.Y. Sun.

—The Woman's Christian Temperance Union, of Georgia, has caused publication to be made of the fact that it has no thought of calling a political convention, or of asking for the ballot for women.

—It is said that the recent Georgia cyclone blew a Bible a half-mile from a farm-house. When first found it was lying open, and the first thing that greeted the reader's eye was the sixth Psalm.—Chicago Times.

—At a recent meeting of medical men in London a new society was constituted to "investigate the various causes of imbecility, and to educate the professional and public mind as to the knowledge of these causes, and to a recognition of the physical aspect of habitual imbecility."

—A walking cane made out of nine decks of old playing cards, six thick, by machinery, with a steel rod running through the middle, is owned by William Gale, of Eureka, Nev. The cane is very heavy, smooth and supple, and is decidedly a curiosity.—Denver Tribune.

—The Secretary of the Treasury has decided that beans are neither seeds nor vegetables. They being intended primarily to be eaten, they cannot be classed as seeds, which are for planting, and being the seed of a vegetable, they cannot be classed as vegetables, therefore they must pay a twenty per cent. ad valorem duty, as other undressed articles.—Washington Post.

—Dr. William H. De Courey lived in a house in Queen Anne's County, Md., built by his grandfather, brought by the De Coureys from England more than two hundred years ago. This old mansion, "Chesnut," situated at the junction of the Black and Big Wye Rivers, was burned a few days ago. Among the valuable things saved were the family portraits, brought over in 1662.

—The cyclone sometimes acts as a moral renovator in Georgia. When a cyclone passed through the Stevens County neighborhood, near Milledgeville, in 1875, there was no church in the locality. Some of the people thought it was a judgment sent for their evil deeds, and immediately started a subscription and built a church. Now there are none more pious than the people of that vicinity.—St. Louis Globe.

—Hailstones, it is said, recently fell in the vicinity of Danvers, Tex., as large as goose eggs or a man's two fists. One eye witness saw them piled up by the wagon-load. The storm tore limbs from the trees, knocked through the roofs of houses, killed calves, sheep and fowls, totally destroyed the fruit and gardens, and forty-eight hours after hail stones were taken to town as large as eggs.

—A Kansas correspondent wants to know how Mr. Gladstone's name is pronounced. Heaven, that knoweth all things, only knows, anxious one. It is not over so remotely connected with the pronunciation. It is probably pronounced Gletton in Liverpool, Galston in Manchester, Gladston down in the county and Chumley in London.—Durham Herald.

—Daniel Campbell, a man over seventy years of age, who resided near New Plymouth, O., committed suicide recently in the most singular manner in the presence of some of his closest friends. He climbed up a tree about fifty feet, and then got on a limb, from which he plunged headlong to the ground and was dashed to death. His neck was broken and his body terribly mangled.—Chicago Tribune.

—Four little girls, who had crossed the ocean unattended and with no one to look after them except some of the kind and helpful women in the steerage, were landed at Castle Garden with other passengers on the National liner France. The babies were sisters—Grace, Josie, Lena and Nellie McRobbie. The youngest was only three years of age and the eldest eight. Their mother died a year ago, and they came out alone, except their father, who lives in Brooklyn.—New York Herald.

—A Chinaman, says the San Jose (Cal.) Times, was seen coming out of the city hall, carrying a loaded revolver, and a man in a suit, who was with him, was seen to be in a hurry to get out of it when they happened to be in it. Launch away from home most of the time, and find a great deal of fault with the city hall, but at home they are very particular. Never, on any consideration, spend an evening at home. It is "bad form" and might spoil abroad the impression that you are a "domestic." Every body dislikes a domestic man, you know. Of course there are a great many other things that naturally suggest themselves in this connection. Follow them all up, and after a few years you will discover that "home is not a place," and you will never happen to be there.

The first real life to business each season is generally seen in the Juvenile Department, for its conceded that the boys, as a rule, will wear out two or three suits to their father's one.

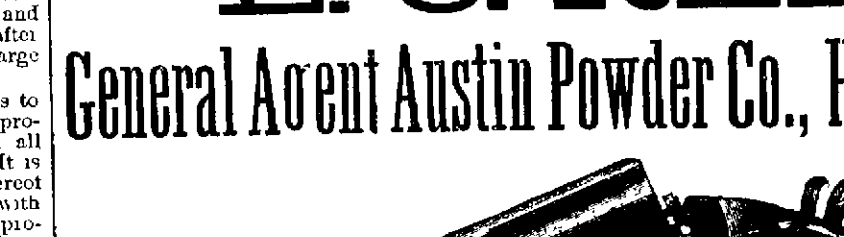

Without seriously reflecting on the clothing selected for them, we have endeavored to choose fabrics which will reduce the unfavorable score against the boys, with what success our customers can best attest. One favorable evidence is the increasing call we find for reliable suits in these sizes.

escaping by its glutinous nature, and in
this manner such delicious results are
obtained.

VINCENT WILL DIE.

Serious Report Made Against Dr. Platt
by a Decatur Physician.

Dr. W. J. Chenoweth paid Blue Mound
a visit last evening, and reports that all
of those injured in the Wednesday morn-
ing accident on the Wabash are doing
fairly well, except I. M. Vincent, whom
he reports to be in a dying condition, and
can not live longer than four days at the
farthest, unless he experiences a miracu-
lous change.

Dr. Chenoweth says he found little
Harry Short, son of Aaron Short, run-
ning about the streets of the village with
a bad cut to the bone on his head, which
it is alleged had not been properly dress-
ed. It is stated that the cut was not sew-
ed up as should have been done, but that
a piece of coat plaster had been stuck
over the cut, which did no good, as the
plaster is fastened to the hair of the boy's
head. Chenoweth states that the bone is
exposed, and that the wound can not heal
until the threads are applied. Dr. Chen-
oweth has reported Dr. Platt, who is said
to be a ten-year doctor, to Supt. Clark,
at Springfield, as guilty of malpractice in
the treatment of this case. This report
is sure to kick up a rumpus in the medi-
cal camp, and what will come of it time
will tell. Dr. Chenoweth says he is look-
ing after the interests of the company and
the Short boy, and felt it his duty to re-
port Dr. Platt to headquarters.

Bishop Seymour To-morrow.

Bishop Seymour will hold an edifica-
tion at St. John's church to-morrow morn-
ing, at which the Rev. S. De L. Town-
send will be advanced to the priesthood.
Service begins at 10:45 with the sermon.
At 4 p. m. the Bishop will administer
confirmation at the House of Prayer,
Sermon by the Rev. S. H. Gurtman, of
Chicago. In the evening the Bishop will
preach at the opera house which has been
secured for the purpose of accommodating
all who desire to attend. A cordial
invitation is extended to all to attend and
take part in the services. The service
will begin at 7:30.

A Broken Limb.

John Scanlan, a ditcher, living east of
Emory Station, met with a mishap this
forenoon, which will lay him up for a
number of weeks. While on his way to
catch a train to come to Decatur a
"switch" in his side caused him to fall in
the street, and he broke one of his legs
above the knee. Dr. Phillips of Maroa
reduced the fracture. Scanlan will be
brought to Decatur and placed in the
hospital.

EMANUEL CLEMENTI, one of the late
defendants in the Emma Bond case, was
in Decatur last night, looking over the
transcript of evidence taken at the trial at
Hillsboro, which is in possession of John
T. Montgomery, the stenographer. Clementi
did not have any information to give
about the great mystery, or whether
or not it would be unraveled during the
present century. Clementi some months
ago stated that he intended to get at the
bottom facts in the case, and at that time
consulted two Decatur physicians about
the physical condition of the girl as it was
then understood. Clementi has come to
Wisconsin to remain several weeks.

Another Javering Match.

Mary M. O'neil and Jane Hobson, with
others, occupy the same dwelling on
the corner of East Main and Jackson
streets. This forenoon they had a little
"jovelling" and jaded each other
quite lively. Mary had a warrant issued
for Jane for disorderly conduct, and Offi-
cer Hartley served. The parties are now
before Justice Curtis looking daggers at
each other. The trial will commence at
3 o'clock.

A Sunday Baptizing.

Several people who have lately pro-
fessed conversion, will be baptized by im-
mersion at the Millit Ford on Sunday af-
ternoon. Doubtless there will be a large
number of spectators present.

Sluggo Sullivan.

It is not likely there are more than 100
Decatur people who would pay a dollar
apiece to see John L. Sullivan, the cham-
pion knock-out slugger, give an exhibi-
tion of his strength. He and his troupe
of assistant thumpers appeared before a
large audience of men at Springfield last
night. The admission was \$1.

Church Sociable.

The ladies of the Universalist church
gave another of their enjoyable socials
and festivals, at their place of worship,
last night, and the attendance of visitors
was large, the receipts satisfactory. Mr.
and Mrs. D. L. Bunn and Miss Mamie
Kinney favored the company with vocal
and instrumental music, after which the
people mingled together in a social way,
and partook of the delicious refreshments
provided for the occasion. They embrac-
ed strawberries, ice cream and cake.

The beautiful play, "The World," was
given at the opera house last night before
a very large audience by the J. Z. Little
combination, which is everywhere recog-
nized as the best on the road. The rendi-
tion was a success all the way through,
the splendid scenes representing the sink-
ing of a ship and the raft at sea floating
on the rolling waves with its burden of
three people were triumphs of mechanical
effects that won tumultuous applause.
The show as a whole was the best of the
kind that has ever visited Decatur.

It is announced that Mr. Charles W.
Barnham, the St. Joe traveling passenger
agent, who has long had his headquarters
in Decatur, has been transferred by the
C. & Q. management to St. Joseph,
Mo. We have attempted to learn the
cause of this change in Charles' "beat,"
but have failed so far. He is expected
here in a few days, when he will enlighten
us. He is one of the best men in the
passenger service.

(Saturday) evening, at 7:30 o'clock.

The rehearsal of the cantata will be
held this evening in the parlors of the St.
Nicholas hotel. Those taking part are
requested to make an earnest effort to be

Morrison, administratrix of the estate of
Robert Morrison, deceased, will sell at his
late residence a fine Clydesdale stallion
and three good work horses, a young
mare, milch cows, young cattle, Durham
bull, wagons, farming implements, grain,
and household furniture. Sale to com-
mence at ten o'clock. 110-111

After a Divorce.

George Livingston hurried himself yes-
terday attending to the necessary prelimi-
naries of filing a bill in the circuit court
for a divorce. Late in the evening his
attorney, A. G. Webster, handed the papers
to the clerk of the court, and unless the
matter is compromised, the Livingston
family trouble and the shooting episode
will be fully ventilated at the trial, pro-
vided the defendant makes a contest,
which we understand she is quite likely
to do, as she alleges her innocence of any
wrong doing.

Decoration Day.

This beautiful annual service in mem-
ory of the fallen heroes will occur on Fri-
day, May 30th. In his address to the
Posta Grand Commandant Robert Beath
says: "Memorial Day, first established
by General Orders, then made permanent
by our Rules and Regulations, and sub-
sequently indorsed by National and State
legislation, will be observed by our peo-
ple as long as our flags float over a united
Nation, and it is our duty, as the surviv-
ors of the armies and navies, whose deeds
of valor and patriotism shed such lustre
upon the annals of our country, to see
that the ceremonies appropriate to the
day and the occasion are properly directed.
These ceremonies cannot revive antago-
nisms of the past; they should stir up in
our hearts not only the tender recollections
of the memories of our dead, but also more
exalted patriotism and devotion to
country in the future."

ANOTHER FATALITY.

Taylor is the Name of the Man Killed
Last Night.

The inquest on the body of the stranger
named Taylor accidentally killed in the
Wabash yard after 12 o'clock last night,
was held at Bullard's undertaking rooms
this forenoon under the direction of Cor-
oner Beaudry. The juryman were Boyd
Braden, foreman; B. N. Adams, Charles
Smiley, C. A. Carter, T. B. Albert and
Thomas Penwell. Several Wabash em-
ployees testified. The body of Taylor was
found on the track near the little shanty
east of the depot and a few steps west of
the Jasper street crossing. The top of
his head above the eyes was crushed and
one foot was mangled. One witness testi-
fied to having seen the man at the depot
and talked with him. He said his name
was Taylor and that he was on his way
from St. Louis to his home at Lafayette,
Ind. One of the boys gave Taylor lunch,
and after he was found dead, the lunch
was discovered on the step of switch en-
gine 1114. It is supposed that Taylor
tried to jump on the step of the engine
while it came toward him, and that he
fell under the wheels. A verdict of acci-
dental death was returned.

The Maroa Fireman.

At the recent annual meeting of the
Maroa Fire Co. No. 1, W. H. Conover was
re-elected foreman, J. A. Hartman assist-
ant foreman, Gov. Conover first engineer,
John Schenck first hoseman, Henry Jump
first ladderman, F. K. Bohrer captain of
the small engine, and Frank Brink, J. S.
Sargent, Frank Potter and R. Sigler, fire
patrol, J. Crocker secretary, and George
Conover treasurer. The company is said
to be in splendid trim, and well able to
battle with the fire demon. Maroa is a
lively town, and its people will do wisely
in giving their volunteer firemen substan-
tial encouragement.

MAN ABOUT TOWN.

I had a talk with a man to-day who has
just returned home from Dakota, whither
James Steele and his family went some
months ago. I learn that "Jim" is having
trouble about securing possession of his
soldier claim of 160 acres, all on account
of a little irregularity on his part, the dis-
covery of which by a sharper caused the
latter to jump the claim and muddle
things somewhat. It is alleged that al-
though Steele was on the land every day
for the required length of time, yet he did
not sleep in his shanty o' nights but re-
posed in a hotel in the nearest town. It
is understood, however, that the rival
claimants for the land will effect some
sort of a compromise.

The toper sings: "Farewell, beer; fare-
well, whiskey; we'll see you 'fore" Up go
the shutters to-night at 11 o'clock, the
doors will be locked and the keys will be
thrown in the cellars to rust.

The workmen are engaged in scraping
up and hauling away the mud and the
cobble stones on Merchant street. It has
proven a laborious job, but the men get
down to bed-rock. The cobbles appear
to have held their positions very firm, al-
though here and there a few have sunk
below the level.

There was a man on the streets to-day
talking up a proposition to lay out the
railways and abolish the running of cars.
This man is in sympathy with the saloons
that are to close finally to-night, and says
that in the light of recent events more
people are killed and maimed by the cars
than whiskey.

I met a man last night who raised a big
howl of dissatisfaction about a seemingly
improper grade just established on the
south side of Jefferson street, between
South Water and South Main streets.
This party, who is none other than John
DeBates, the marble cutter, claims that
the stakes show that it will be necessary
for him to fill up his lot two feet and three
inches, and raise his house at least five
feet to avoid being drowned out in case of
a freshet. His neighbors are in the same
boat, and none of them approve of the
new grade mapped out by the city's ser-
vant. They want the natural slope of the
street to be let alone, and not filled up
and leveled on a straight line to conform
with the elevated tops of Water and Main
streets. A moderate elevation these in-
dignant property owners are willing to
stand without a murmur, but they object
to bankrupting themselves to fill up just
to suit the fancy of the man with the sur-
veying instruments. This question of
grading for sidewalks and streets is one
that is worrying a considerable number of
people, and I think the council had better
take steps to settle it at the meeting next
week, if the aldermen desire to escape
perpetual criticism.

No Receiver for the Wabash.

Jay Gould has surprised the bears by
again commencing to publish monthly
the earnings of his several systems in the
West and Southwest. The reports just
published show the street was mistaken
in its deductions, and instead of losing
they have been making money. This is
hardly complimentary to Jay Gould, and
indicates that the reason for not report-
ing the earnings was to deceive the street
and break the market—one of Gould's
sharp tricks. He has probably taken in a
large line at low figures. The daily
Indicator, which has been a bear on the
Wabash, says: "There is no further
danger of a receiver for the Wabash. So
long as Gould is the President he will
take care of that."—Globe-Democrat.

PERSONAL MENTION.

Next Edwards, who is now located at
Peoria, visited Decatur yesterday.

Ben Boynton will have sole charge of
Thomas Andrews' billiard parlor after to-
day.

Will Snyder is now at Emporia, Kan-
sas, enjoying a week's vacation from his
reportorial duties.

Miss Rose Bailey, of Bloomington, Ind.,
is in the city visiting her cousin, Mrs.
Henry L. Shepherd, 760 West Main street.

Joseph Gates is improving slowly. He
was able to sit up awhile to-day, and
hopes to be able to be about again soon.

Fred. Norman is home from an occa-
sional trip to Dakota. He says the coun-
try is dotted with little wooden huts
marking the claims of soldiers.

W. H. H. Burns has quit blacksmithing
at Lincoln, because hard work affects his
health. He is now selling Bibles to the
heathen of Logan county.

Ellie May, little daughter of Mr. and
Mrs. C. O. Pratt, passed through a very
bad night, and is very much excited.
She is considered in a very critical condi-
tion.

Mr. and Mrs. H. B. Funk, of the Mon-
teicello Bulletin, saw the "World" play
last night, and like all in attendance,
went away highly pleased with the per-
formance.

Mrs. Will Gray, formerly Fannie Smith,
will arrive in Decatur this evening from
her home at West Cliff, Colorado. Her
many friends will regret to learn that she
is in bad health, and comes to the city to
receive medical treatment. The climate
of Colorado does not agree with her.

For Secretary of State, HENRY D. DEMMENT, of Lee.

For Auditor of Public Accounts, CHARLES P. SWIGERT, of Kane.

For Congress—11th District, JONATHAN H. HOWELL, of McLean.

For member State Board of Equalization, JAMES C. LAKE, of Macon.

The new Mayor of the city of Paris, Ill., has got himself into hot water by nepotism. He nominated to the Common Council his own son for Chief of Police and a list of his own particular pets for policemen. The Council, becoming disgusted, voted to reject the whole batch. In the language of the immortal Flannigan, the Mayor asked: "What are we here for?" And now he has found out.

The indictment of Has Wheeler in Copiah county, Mississippi, seems to have been timed to strike the report of the Senate committee. The Democratic minority will now point with pride to the fact that the murderers have been indicted, and insist that no community could do more than that which immediately after the murder of Matthews commended the act of and decided to stand by his murderer. It will not be easy, however, to break the force of the committee's report by any strategic vehemence.

Carry the News.
In your days of billowings, when your liver is torpid and your skin yellow, remember you have a never-failing friend in Dr. Jones' Tonic. Tonic, which is a most powerful blood purifier, and in cases of dyspepsia, constipation, and malaria diseases, and diseases of the blood and kidneys, its action is prompt and sure. Dr. Jones' Tonic is sold by A. J. Storer, 13 south side new square, Decatur, Ill.

Fertility of Tonquin.
Probably owing to the proximity of armed bands, there was not much cultivation going on in the immediate neighborhood of the Elephant Mountain, round and round which the Hai Phong bunch of the Sogholi wandered in a most bewildering way. As we got nearer the main river, however, it was very different. On both sides, as far as the eye could reach over the flat lands, stretched a richly cultivated land of people, men, women, and children—occupied upon them; the men plowing or turning up the soil with mattocks, the women and children breaking the clods with heavy pieces of wood. Everywhere where the ground was not denuded by a village could be seen, many of them running into one another, and apparently extending for miles. According to local custom, but few of these were actually on the river, and those that were at all near were protected by a ditch and mud walls, surrounded by bamboo palisades, in addition to the ordinary fence. There can be no doubt that Tonquin is one of the best grain-producing countries in the East, far surpassing anything to be seen in the southern provinces of China, with the exception of the Canton River delta, and of which is, however, much smaller. Two crops can be raised in the year almost everywhere, and in some parts three is no rarity. The sugar-cane and mulberry trees which are so abundant in the delta district are not so much seen between Hai Phong and Hanoi. Add to this that the climate is one in which for four or five months in the year Europeans can easily work, and it will be easily understood that the French are warranted in going to great expense and some risk in conquering the country for themselves.—Cor. London Times.

President Eliot, of Harvard College, gave his views of baseball to the Boston High school teachers recently. He said: "I think it is a wonderful game, and as an object of ambition for the youth to go to college really it is a little weak. There are only nine men who can play the game, and there are 500 men in the college, and out of the 500 men, there are only two desirable positions, I understand—that of pitcher and catcher—so that there is but little chance for the youth to gratify his ambition.—N. Y. Post.

SHOO FLY!

Good Bye Insects, Bugs and Bats. Duke's Patent Sliding and Adjustable Wire Screens.

These Screens are placed in a groove on the inside of the window, instead of being on the outside. They have two springs attached which hold them at any height. They can be placed at the top or bottom of the window, to keep out the flies as desired.

They can be taken away or adjusted to the window instantly. They do not disfigure the window at all by night. They can be placed at the top or bottom of the window, to keep out the flies as desired.

They are MORE than the old style of Screens. Are much more convenient. Are also more durable.
